

DISINFECT & PROTECT. SAFELY.

PURE® Hard Surface Disinfectant

INVEST IN THE HEALTH AND SAFETY OF YOUR COMMUNITY

PURE® Hard Surface Disinfectant, the next generation in surface disinfectant protection. PURE® Hard Surface kills more than 31 bacteria, viruses and fungi, within 30—120 seconds after application. Most importantly, it's EPA approved against coronavirus SARS-CoV-2, which causes COVID-19.

PURE® Hard Surface:

- EPA List-N Registered and Approved (Reg No. 72977-5-73912)
- Kills 99.999% of Bacteria, Viruses and Fungi
- EPA's Lowest Toxicity Rating (Category IV)
- FDA GRAS Rated (Generally Recognized As Safe)
- Safe to use on all surfaces, contains no harsh chemicals or irritants
- Ready to Pour (RTP) Product, no mixing or fear of over-diluting
